In return you'll receive regular reports on your puppy's progress as he or she trains to become a highly skilled helper who will change someone's life.

You will also receive a welcome pack including postcards and a framed photograph of your sponsored puppy.

Please sponsor a puppy today.

Follow your puppy's development every step of the way while he or she gains the skills and training needed to qualify as one of our amazing assistance dogs.

We would like to keep you informed about our projects and activities, but if you would prefer not to receive such information, please email us at info@dogsforthedisabled.org, telephone 01295 252600 or write to us at the address above. **Thank you.** Your sponsorship will help train your allocated puppy and our other puppies.

From Learner to Friend for Life...

During your first year of sponsorship, your pup will learn everything from toilet training to walking nicely on a lead, but unlike most young pups, a Dogs for the Disabled puppy goes to supermarkets, into schools, on public transport, into cafes and restaurants - all the sorts of places they'll go later in life.

Of course, looking after a Dogs for the Disabled puppy isn't just about training, they need love and security and the chance to explore. Thanks to our dedicated volunteer puppy socialisers, they get just that. Then, at the age of around 12 months, it will be time for your puppy to start training at our national centre where he or she will spend eight months developing the skills needed to become the perfect partner to a disabled person.
